

Intranet Licences

School Intranet Licence: Loading music resources to your school server legally

- An Intranet Licence allows a school to load music to a server so all teachers can locate music on a central server, rather than share a single CD. For copyright reasons there has to be a licence to cover this arrangement.
- Please note that there is no other agreement other than this which allows you load my music and that of other Butterfly Music artists to your server: It is not covered by LicenSing, APRA/AMCOS or any other agency.
- This licence now includes all Butterfly Music Artists: Andrew Chinn, Drew Lane, Jane Mitchell, Tim Hart
- Existing licence holders will automatically receive a renewal. Only new applications need to be completed on the order form, located on the back page
- Please note that schools in the Rockhampton Diocese are covered by a Diocesan agreement. At the time of printing a similar agreement is being negotiated with the Toowoomba Catholic Education Office.
- The licence is renewable annually. There is also an option of five years for the price of four.

Fee Structure

Up to 100	\$33.00
100-200	\$44.00
200-300	\$55.00
300-400	\$66.00
