

**ALL PART OF GOD'S CREATION**  
*Music and Lyrics by Drew Lane (C) 2016*

Look at the mountains  
Look at the trees  
Look at the desert  
Look at the seas  
Look at the morning  
Look at the night  
Look at the people  
And look deep inside

*It's all part of God's Creation  
It's all part of who we are  
It's all part of God's Creation  
God's light shines from near and far*

Here is the moment  
Here is the year  
Here is laughter  
Here are the tears  
Here are beginnings  
Here the ends  
Here are the strangers  
Here are the friends

*Repeat Chorus*

Wherever we wander  
Wherever we stay  
Wherever there's colour  
Wherever there's grey  
Wherever there's you and  
Wherever there's me  
Throughout all the world  
It's easy to see

*Repeat Chorus*
