

I Love and God Loves Me!

I love the warmth of the sun
And I Love a hug from mum
I love to jump and to run
These are the things that I love
And God loves me

I love an apple to crunch
And I love a carrot to munch
I love my sandwich for lunch
These are the things that I love
And God loves me

I love to walk with my dad
And I love a kiss from my nan
I love to play with grandad
These are the things that I love
And God loves me **Whistle interlude**

I love to play with my dogs
And I love to sing happy songs
And I love it when you sing along
These are the things that I love
And God loves me

These are the things that I love
And God loves me
