

NEW School Intranet Licence

Loading music resources to your school server legally

Over the last five years I have had an ever increasing number of schools inquiring about uploading my music to their school server. They often point out the difficulties that large schools, in particular, have with sharing (and locating!) resources. After consulting with schools, musicians and AMCOS, the following licensing scale is being introduced this year. This is an annual licence which covers your school for any of my CDs, DVDs or picture book images.

- Conditions of Licence Agreement:**
- The school must own a copy of each resource to be uploaded
 - The school intranet must be password protected
 - The licence relates to CD, DVD and Picture Books only (not music books - picture books and DVDs on trial 2011, subject to change in 2012)
 - The licence is available to schools only
 - The licence is obviously not transferrable
 - The licence is for a single campus (please contact us to discuss arrangements for multi-campus schools)
