

My Wish For You

Words and Music by Jane Mitchell

Along the way I've watched you grow
Seen many changes, now I know
It's time for you to make a brand new start.

There is so much to be done
So many songs that can be sung
May all that you have learned here
Guide you on your way

*May you find a friend in Jesus
Let the Spirit guide your feet
Be the kind of friend to others
That you seek and that you keep
May you be generous and loving
and be loved in return
To yourself be always true
This is my wish for you*

God bless you as you go
Keep you safe as you grow
May peace and joy of life be ever yours!
Seek knowledge through your time
Let your gifts and talents shine
Thank God for all that comes your way
Thank God for all you are

*May you find a friend in Jesus
Let the Spirit guide your feet
Be the kind of friend to others
That you seek and that you keep
Have a kind and gentle spirit
and a strong discerning mind
To yourself be always true
This is my wish for you*
