

## **Part Of Me**

Music and lyrics by Drew Lane. (C) 2014, Andrew Lane.

I see a part of me when I look in your eyes  
It's just like a mirror that's reflecting your smile  
I see a part of you when I look at my hands  
And when we're together  
It's then that I understand that

*You are a part of me  
And I am a part of you  
Because you are there in the life that we share  
These words they remain the truth  
And no matter what comes  
No matter the things we'll go through  
I am a part of you*

There is a part of you in who I'll become  
Through the lessons I'm learning  
From the things we have done  
And I know a part of me becomes part of you  
In the memories we're making  
Every time I spend time with you, 'cause

### *Repeat Chorus*

There'll come a moment when we say goodbye  
It may be a short time or it may be awhile  
And though we'll be parted and though I might cry  
I know I can see you when I look in my parent's eyes

*'Cause they are a part of me  
Like I am a part of you  
Because you are there in the life that we share  
These words they remain the truth  
And no matter what comes  
No matter the things we'll go through  
I am a part of you*
