***Into a new world with new hope in our hearts
Filled with God's grace, filled with the fire
To hear, to believe, to live and to proclaim
To go forth now.... And set the world on fire!
And set the world on fire! Proclaim!***

*1. In the beginning the Word was with God
In God was the light,(the light) for all to see
May this light shine in my darkness and kindle within
The fire of God's love, the fire in me*

*2. He said, "I am the light, the light of the world"
With Christ as my light, Christ in my heart
May flame join with flame , and hearts beat as one
The fire of Christ's love with our hearts afire*

*3. He said, "I have come into this world, so that the blind will see"
Filled with the Spirit, the fire of God's love
May we take this light to all of the earth
