

Father and Child

Child:

Father of mine,
You know just where to find me,
Lost or afraid,
You hold my hand and guide me,
When I am tired you carry me on your shoulders
Father of mine I love you.

Father:

Child of mine,
I walk along beside you,
And if you fall,
I will be right there by you,
I will watch over you,
I hold you dearly in my arms,
Child of mine I love you.

Father and Child:

Father of mine, (Child of mine)
I will be always with you,
Someone to talk to, (someone you can turn to),
Sharing the tears and laughter
You're deep in my heart (your always in my thoughts),
I live in you, You live in me,
Father of mine I love, (Child of mine I love you),
Father (Child) of mine I love you.
