

Mother and Child

Mother:

I have always loved you,
Since the dawn of time,
And I have always known you,
Your deepest thoughts are mine
I carried you inside me,
And held you in my arms,
And I will always carry you in my heart,
A gift from God you are my child.

Child:

I have always loved you,
Since opening my eyes,
You nurture me, you nourish me,
Console me when I cry,
Your gentleness and kindness,
Knows a love so pure,
You are my guide you are my morning star,
Blessed art thou my mother.

Mother and Child:

I have always loved you,
I feel your joy I feel your sorrow,
I have always loved you,
You help me learn, I watch you grow,
I have life through your devotion,
For each other we were chosen,
Mother I have loved you,
Child I have loved you,
And I will always love you for all time,
I will always love you for all time,
I will always love you for all time.

Mother I have loved you,
Child I have loved you,
And I will always love you for all time,
I will always love you for all time,
I will always love you for all time.
