

GO WITH GOD

Music and Lyrics by Drew Lane, (C) 2016, Andrew Lane

We've come together, we've share this journey
The trials and tests, the highs and lows
And now as one we're looking forward
Another page, a chapter closed
Side by side we stand
Heart to heart and hand to hand

*Go with God - Be safe on your way
Go with God - and welcome each day
Go with God - Let Christ be your light
Throughout all your life
Go with God*

The memories we've made together
Will stay with us for years to come
When we look back we'll still remember
The friends we've made and all we've done
Side by side we stand
Heart to heart and hand to hand

Repeat Chorus

In every year there comes a moment
When it is time to say goodbye
And though it's hard, we know the future
Has more to come, has more to try
Side by side we stand
Heart to heart and hand to hand

Repeat Chorus
