

WE ARE ONE

Music and Lyrics by Drew Lane, (C) 2016 Andrew Lane

We are here together to share God's story
We are here together to sing God's praise
Everyone is standing united
Feel the love of God deep inside us
Under Southern skies, we are proud to say

*We are one
Brothers and sisters
Daughters and sons
We are one
Walking to the beat of God's own heart
Together*

Let the Word of God be the Word to guide us
Let the Holy Spirit dwell inside us
Let the life of Jesus, the Saviour
Be the light that shows us the way and
As we walk together, we are proud to say

*We are one
Brothers and sisters
Daughters and sons
We are one
Walking to the beat of God's own heart*

*We are one
Brothers and sisters
Daughters and sons
We are one
Walking to the beat of God's own heart
Together*

*People to People - We are one!
(People To People - We are one!)
Country to country - We are one
(Country to Country - We are one!)
Nation to nation - We are one
(Nation to Nation - We are one)
All around the world - We Are One!
(All around the world - We are one!)*
