

God Be With You As You Go

By Andrew Chinn

For all that you are, For the love that you've shown
We give thanks to our God, Together we have grown
Wherever you are, This you will know
You are in our hearts, God be with you as you go

***May God bless you, May God be with you
May God guide you near and far
May God's love Shine down upon you
And may God's love dwell in your heart***

On this journey of life Wherever you roam
Know that you are loved Know this as your home
You are in our hearts A part of you is here
wherever you go A part of us will be

***May God bless you, May God be with you
May God guide you near and far
May God's love Shine down upon you
And may God's love dwell in your heart***

***May God bless you, May God be with you
May God guide you near and far
May God's love Shine down upon you
And may God's love dwell in your heart
And may God's love dwell in your heart***
