

St Mary of the Cross

Words and Music by Jane Mitchell

St Mary of the Cross, was a woman of this land
She saw the face of God in Australians far and wide
With trust and compassion, humanity and joy,
She spread the love of God.

<p>Many the needs, many the miles, Mary and her sisters answered the call. The harvest is plentiful but the workers are few Respond, reach out, and rejoice in the Lord.</p>

St Mary of the Cross, was a woman of hope
She shared the gift of knowledge with young Australian minds
No hardship or distance could break her resolve
To spread the good news of God.

St Mary of the Cross, was a woman of faith
She led the Sisters of St Joseph in the care of those in need
With justice and belief in the will of the Lord
She lived the love of God.
