

Together

Music and lyrics by Drew Lane. (C) 2014, Andrew Lane.

Open the doors - It's time to let the light in
Open the gates - It's time for us to walk in
Open our heart - To all that we'll discover
Today's the day that we will shine

*For we will walk together, talk together
Travel side by side together
This is the way we're called to be
We will laugh together, cry together
Be the light of God together
This is the way we're called to be
Be together*

So hand in hand - Let's make a new beginning
And side by side - Let's show our faith in living
This is our time - This is our song, let's sing it
Today's the day that we will shine

Repeat Chorus x2
